

FiveMBackup backup script for FiveM (1.0)

Creates a backup of your FiveM folders

Official support sites: [Official Github Repo](#) - [Official Forum](#) - [Official Download Area](#)

- i. Edit the settings at the top of fivembackup.pl if needed
- ii. create a cron job like this:

```
1 1 * * * /home/fivemowner/FiveMBackup/fivembackup.pl
```

- iii. This will back up your FiveM installation at 1:01am each day, and keep the last 5 backups.
